## PERSONAL

---

*Birth* November 29th, 1994  
*Nationality* Portuguese  
*Phone* +44 7380608833  
*E-mail* jpusheng@gmail.com

## EXPERIENCE

---

**Data Scientist** Feb 2020 - present  
*Revolut, Full-time*  
As a Data Scientist at Revolut, I work in the **Fincrim** team in the technical design of AML detection systems, these include taking ideas from the drawing board, to their final implementation on the Production environment.

**Data Scientist** April 2018 - Feb 2020  
*Feedzai, Full-time*  
As a Data Scientist at Feedzai, I worked in **Fraud Detection** projects. My day-to-day at this company involved all tasks of the Data Science pipeline, from Exploration to Deployment.

**Research Student** February 2017 - November 2017  
*Institute for Systems and Robotics, Instituto Superior Técnico, Full-time*  
As a Research Student during my MSc thesis work, I collaborated on the development of an **Estimation Algorithm** aimed at **Collaborative Wireless Localization** of a group of marine vehicles. My thesis work yielded an [IEEE Conference article](#).

## EDUCATION

---

**BSc & MSc. Aerospace Engineering** September 2012 - November 2017  
*Instituto Superior Técnico*

- I completed my BSc. (16/20), MSc (17/20) and MSc thesis (19/20) Programmes with academic success. I was part of the **Academic Merit** (2012-16) and **Excellence Boards** (2016-17).
- During my Academic path, I was an elected **Student Representative** (2012-15) and collaborated on the **Coordinating Committee of the Pedagogical Council** at my Faculty (2014-2015). I did my Erasmus Programme at Technische Universität München in Summer Semester 2016.

## SKILLS

---

<i>Languages</i>	<b>Portuguese (Native), English (C2), German (B1)</b>
<i>Programming</i>	<b>Python, SQL, Bash</b>
<i>Technologies</i>	<b>Spark, Hadoop, Docker/k8s</b>
<i>Interests</i>	<b>Machine Learning, Product Management, Cloud Computing</b>
